

Giving Fund

Manage your giving from any device, reduce paperwork, and make a bigger impact for the causes you love

A Giving Fund at NCF is an easy-to-create, low-cost, flexible account for charitable giving that is a popular alternative to giving directly to charities or creating a private foundation. Also known as a donor-advised fund, it's the fastest growing giving vehicle in America today.

Think of a Giving Fund like a charitable checking account. You make all kinds of gifts into the fund – not just cash and checks but also appreciated non-cash assets like stocks, real estate, and business interests. And when you're ready, you go online to recommend grants to your favorite charities, and our team at NCF sends the charity money to support their work.

Not only will you experience tangible benefits that simplify your giving and multiply your impact, but you also join tens of thousands of givers around the world in an unprecedented movement of Christian generosity.

Make tax-deductible gifts

Contribute all kinds of assets ... not just cash and checks but also non-cash gifts like stocks and business interests.

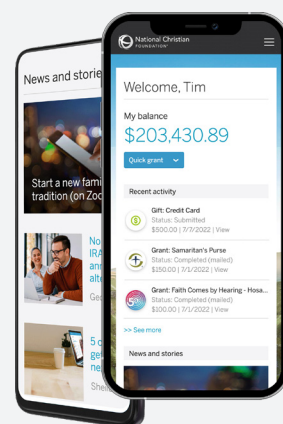

Choose an investment option

Select from our conservative to aggressive investment pools that give your fund the potential to grow tax-free.

Recommend grants to charities

Sign in to our website to browse thousands of charity profile pages. Select your favorites, and NCF sends them money for you.

All your giving,
online, anywhere
